

# Environmental Policy Statement

Total Valve Systems sets forth our priority on protecting the environment when operating our facility and performing services for the customers. Whether on-site at your facility, or in-house, we will operate in compliance with all relevant environmental legislation and strive to use pollution prevention and environmental best practices in all we do.

## **TVS COMPLIES WITH THE FOLLOWING:**

- ◆ Protect the environment
- ◆ Comply with existing environmental regulations
- ◆ Continuously seek to improve environmental performance
- ◆ Reduce pollution, emissions and waste
- ◆ Monitor progress and strive to continually improve our environmental performance

Here at Total Valve Systems we have set in place a developed layout of our safety and environmental regulations to be abided by at all times of operation. The necessary support and management provides monthly meetings to keep everyone up to date and aware of any new policies as well as a general reminder of the regulations currently set in place.

## **TVS CURRENT AND FUTURE COMMITMENTS:**

- ❖ Prevention of pollution by Low "E" fugitive emission control
- ❖ Conservation of energy
- ❖ Hazardous waste reduction with proper disposal as required
- ❖ Consistent environmental awareness education to all employees
- ❖ Recycling and conserving on resources utilized

This policy is public for all interested parties whether internal or external to this company. All of our employees are aware of this policy and put forth these procedures to incorporate proper health, safety compliance, and our environmental regulations when conducting their jobs.

President,

11/2/2015

Mike Lybarger
