

GET COMPLIANT WITH TOTAL VALVE SYSTEMS' FLAME ARRESTOR RECONDITIONING

Total Valve Systems is Your Path to Compliance

Total Valve Systems has experienced technicians to provide shop refurbishment at any of our three locations.

Total Valve Systems' facilities are fully equipped with all of the essentials to provide high quality and reliable repairs to your flame arrestors.

Our process includes:

- As received photos
- Unit pre-test
- Any parts found that require replacement will be priced and communicated to the owner for approval prior to installation.
- Flame bank is cleaned using Total Valve's proprietary system
- Reassembly with new gaskets
- Functional testing
- Painting
- Final quality control inspection and completion of the documentation package
